

BOISE COUNTY RESOLUTION NO #2012-02

A RESOLUTION ESTABLISHING A SCHEDULE OF FEES FOR APPLICANTS IN ACCORDANCE WITH BOISE COUNTY'S CURRENT SUBDIVISION, ZONING AND DEVELOPMENT, BUILDING PERMIT, ADDRESSING, FLOOD DAMAGE PREVENTION, ROAD STANDARDS AND ADDRESSING ORDINANCES

WHEREAS, Boise County is authorized to adopt by resolution, a fee schedule relating to Planning and Zoning applications and requests; and

WHEREAS, Boise County is required to publish notice of such fees pursuant to IC 63-1311A; and

WHEREAS, such fees should bear a reasonable relationship to the costs incurred by Boise County in the processing of these applications; and

WHEREAS, Boise County Ordinance #2001-07, Zoning and Development, allows the Board of County Commissioners to establish fees and certain negotiated fees; and

WHEREAS, Boise County Subdivision Ordinance #2006-02, Subdivision Ordinance, allows the Board of County Commissioners to establish fees and certain negotiated fees; and

WHEREAS, Boise County Ordinance #2007-02, Establishing the Building Permit Requirements and Permit Fees, allows the Board of County Commissioners to establish fees and requires the issuance of a building permit; and

WHEREAS, Boise County Flood Plan Ordinance #2010-04, requiring a Development Permit and to collect additional costs incurred, allows the Board of County Commissioners to establish fees; and

WHEREAS, Boise County Road Standards Ordinance #2005-04, identifying a variance request, allows the Board of County Commissioners to establish fees; and

WHEREAS, Boise County Street Naming and Address Numbering Ordinance #98-3, requiring signage, numbering and the application for a variance, allows the Board of County Commissioners to establish fees; and

WHEREAS, Boise County Ordinance #2011-03, Wildland Urban Interface, allows the Board of County Commissioners to establish fees; and

WHEREAS, Boise County recognizes unanticipated requirements requiring Professional Engineering Services may develop which would require a negotiated fee; and

WHEREAS, Boise County desires to identify all Planning and Zoning fees in one document for the convenience of the public.

NOW THEREFORE BE IT RESOLVED, that in addition to the fees set forth in Exhibit A, each applicant shall prepay any additional direct professional fees incurred by the County in processing, investigation and review of each Subdivision Application, including but not limited to the fees of the designated County Engineer and Licensed Surveyor or other professional whose

contract services are required by the Board to allow them to render an informed decision on any application. If at any time the Engineering/Surveying retainer fee for any proposal becomes at least 80% expended, and if in the opinion of the Administrator, the review process cannot be completed with the remaining unexpended balance of paid fees, the Administrator is authorized to require an additional prepaid deposit of Engineering/Surveying fees estimated to accommodate the necessary remaining review. Such fees shall be paid within thirty (30) days of the review process on any affected proposal. If such fees are not paid within the allotted time, work shall be ceased until such supplemental payment has been made. Furthermore, if the review fees necessary to complete processing of a proposed development would constitute no more than 20% additional fee to the initially prepaid Engineering/Surveying fee, the Administrator is authorized to notify the applicant of such potential overage and to allow the review process to continue to completion provided that the applicant pays the overage prior to recordation of any documents so affected.

IT IS FURTHER RESOLVED, that any request for waiver of these fees shall be submitted, in writing, to the Board of County Commissioners and considered at a noticed meeting of the Board.

When adopted, this resolution supersedes previous resolutions 84-2, 85-3, 12-01-1986, 87-3, 93-13, 95-5, 95-12, 97-17, 97-37, 97-38, 98-1, 98-5B, 98-12, 98-20A, 99-21, 2000-01, 2000-07, 2000-08, 2000-15, 2000-18, 2001-06, 2001-30, 2001-31, 2004-24, 2005-24, 2006-10, 2006-45, 2008-25 and 2010-49.

APPROVED and **ADOPTED** in Open Session this 31st day of October, 2011.

The Building Valuation Data (BVD) has been provided by the International Building Code Council. The Square Foot Construction Costs that Boise County is using has been prepared from the 2006 version of the International Building Code. This is the national average for most buildings.

The BVD Table presented in "EXHIBIT E." provides the information needed to calculate the Basic Building Permit Fees and if an upgrade is requested, the Plan Review Fees.

The BVD Table enables one to estimate the value of the building being constructed for permitting purposes only and is not intended to be used in any other way than for aid in formulation of the Basic Building Permit and Plan Review Fees.

The data in the table is the national average and does not take into account any Regional Modifier. The last Regional Modifier published for the State of Idaho was listed as .97%; which was published in October 2003. Boise County has determined that this modifier will be included as part of the formula used to calculate the Basic Building Permit and Plan Review Fees.

The Local Permit Fee Multiplier for Boise County is determined based on historical records, department budget and percent of budget funded from the Basic Building Permit Fees. The formula is as follows:

$$\text{Permit Fee Multiplier} = \frac{\text{Department Budget X \% Funded by Basic Permit Fee}}{\text{Total Annual Construction Value Previous Year}}$$

The Basic Permit Fee: A Basic Building Permit Fee is determined by multiplying the Gross Area (square footage) X the Square Foot Construction Costs (from the BVD Table) X the Regional Modifier X the Local Modifier.

The Upgrade Building Fee: The applicant has the option to choose to upgrade the Building Permit; requiring the building to be constructed according to The International Building Code, to be inspected by Boise County Contract Inspectors, which enables the County to issue a Certificate of Occupancy upon completion of the construction project, and to provide record that the construction meets code requirements.

If the upgrade is requested, a Plan Review Fee and Inspection Fees will be charged at the time of application for the Building Permit.

The Plan Review Fee Schedule is based on the Square Footage Construction Cost as identified as a requirement of the Basic Building Permit. For buildings with an estimated construction value of up to \$3,000,000, the fee is 0.0012 of the estimated value. For buildings between \$3,000,000 and \$6,000,000 the Plan Review fee is \$3,600 plus 0.0005 of the estimated value over \$3,000,000. Minimum Plan Review Fees are set at: residential - \$50.00 and commercial - \$100.00.

The Inspection Fee is based on four (4) inspections and is set as follows: Horseshoe Bend, Garden Valley, Centerville and Idaho City \$200.00 per inspection (4 each @ \$200.00 = \$800.00); Lowman & Grandjean at \$225.00 per inspection (4 each @ \$ 225.00 = \$900.00)

If a re-inspection is required, an additional fee will be assessed on a case by case basis.
