property may be sold to an adjacent property owner for fair market value that is estimated by a land appraiser licensed to appraise property in the state of Idaho. If, after thirty (30) days' written notice, an adjoining property owner or owners do not desire to purchase the odd-lot property, the board of county commissioners may sell the property to any other interested party for not less than the appraised value. When a sale of odd-lot property is agreed to, a public advertisement of the pending sale shall be published in one (1) edition of the newspaper as defined in subsection (1) of this section, and the public shall have fifteen (15) days to object to the sale in writing. The board of county commissioners shall make the final determination regarding the sale of odd-lot property in an open meeting.

(9) In addition to any other powers granted by law, the board of county commissioners may at their discretion, grant to or exchange with the federal government, the state of Idaho, any political subdivision or taxing district of the state of Idaho or any local historical society which is incorporated as an Idaho nonprofit corporation which operates primarily in the county or maintains a museum in the county, with or without compensation, any real or personal property or any interest in such property owned by the county or acquired by tax deed, after adoption of a resolution by the board of county commissioners that the grant or exchange of property is in the public interest. Notice of such grant or exchange shall be as provided in subsection (1) of this section and the decision may be made at any regularly or specially scheduled meeting of the board of county commissioners. The execution and delivery by the county of the deed conveying an interest in the property shall operate to discharge and cancel all levies, liens and taxes made or created for the benefit of the state, county or any other political subdivision or taxing district and to cancel all titles or claims of title including claims of redemption to such real property asserted or existing at the time of such conveyance. However, if the property conveyed is subject to a lien for one (1) or more unsatisfied special assessments, the lien shall continue until all special assessments have been paid in full. At no time shall a lien for a special assessment be extinguished prior to such special assessment having been paid in full. Any property conveyed to any local historical society by the county shall revert to the county when the property is no longer utilized for the purposes for which it was conveyed.

(10) When the county has title to mineral rights severed from the property to which they attach, and the mineral rights have value of less than twenty-five dollars (\$25.00) per acre, the board of county commissioners may act to return the mineral rights to the land from which they were severed in the following manner: the proposed action must appear on the agenda of a regular meeting of the board of county commissioners; and the motion to make the return must be adopted unanimously by the board voting in open meeting.
