

Boise County

Idaho City, Idaho 83631

RESOLUTION

We, the undersigned wish to render our support to a strong Extension and Research program in Idaho and are willing to meet with committees, legislatures and individuals to offer our support.

We also feel that the two positions in the Gem County Extension office should be retained since they already serve two counties, that being Gem and Boise Counties.

We are in full support of the Gem County University of Idaho Extension Agents, and we, therefore, propose that no cuts be made.

Passed this 10th day of January, 1983.

BOISE COUNTY BOARD OF COMMISSIONERS
