RESOLUTION #2002-10

A BOISE COUNTY RESOLUTION ESTABLISHING A PROCEDURE FOR PROVIDING GEOGRAPHICAL INFORMATION SYSTEM DATA TO THE PUBLIC

WHEREAS, Boise County has certain information which it has acquired through internal county records, receipt of certain public records filings, receipt of public records information from federal and/or state agencies, and various other county and/or public sources; and,

WHEREAS, Boise County has compiled certain portions of this data in the form of a Mapping Data System that contains information on land and land ownership, parcel identification, streets and highways, county subdivisions, railroads, creeks, rivers, reservoirs, city boundaries, leased property, mobile home locations, tax lot numbers, government lots, property assessment and values, tax code area boundaries, and topographical overlays; and,

WHEREAS, the Board of Boise County Commissioners recognizes the importance of making certain non-personal records and information compilations available to the public; and

WHEREAS, the Board of Boise County Commissioners has determined that although the need for such records may be valuable in terms of efficiency to the seeker of such information, protection of an individuals private information is paramount.

NOW, THEREFORE, BE IT RESOLVED, that the Boise County Board of Commissioners hereby declares information in the form of Boise County's Data Mapping System shall be released as follows:

1. Access to county records by the public shall be in "read only" format.
2. A letter of request, accompanied by a signed Waiver form, shall be submitted to the County Commissioners for review and approval. The Board may grant approval to a class of recipients rather than require per disclosure review and approval.
3. The State Tax Commission shall be exempt from the review and approval process with regard to tax code maps and related materials.
4. County law enforcement agencies and fire departments shall be exempt from the review and approval process and all Mapping Data shall remain confidential and is restricted from further disclosure, even to similar agencies outside the county.
5. Mapping Data containing ownership information of property may be disclosed to realtors and title companies on a parcel by parcel basis.
6. Bulk or total release of the county's Data Mapping System shall be prohibited without a signed agreement prohibiting further disclosure of the material.
7. Property owners, properly identified, shall be entitled to disclosure of all Assessor information concerning his/her property, including such property where there exists only a minority interest through partnership, LLC, corporation, estate or trust.
