Subject: Amendment

Dear Alex & Planning and Zoning

Norman Wild & Joan Newby Trustee's of Wild Newby Trust would like to admin our CUP for 44 Ophir Creek, Idaho City ID 83631 to RESIDENTIAL USE ONLY. (Family & friends camp ground with NO advertising or fee's of any kind.

On the permit for 44 Ophir Creek, it states we will use the preposed campground for residential and commercial use. After meeting with he CDH (Jerry) he informed us of several things that we would need to do to have the CDH's approval for a commercial campground. We told him in that meeting we will close the Hip Camp Site and completely go residential.

Going forward we will not advertise or charge for the use of our land. We are committed to our original intent and that is to have a place for our family & friends to gather at our place, following all county and CDH regulations.

Thank you for helping us make this amendment.
Norm Wild & Joan Newby
