Subject: Turner Plot

Hi Alysa,
Please feel free to amend this if needed.

The plot termed "well lot" is contiguous to lot 5 and was "quit claimed" to us in 1995 as an operating well. It was assessed and taxed as such. In fact it is a tiny, undeveloped piece of land that has no well, no utilities, no electricity and is not accessible by any road. We would like to combine this tiny piece of undeveloped land with lot 5. This error was not discovered until we returned to Idaho and looked into selling lot 5 in 2023.

Thanks so much!
Katie
